

Testimonials:

TI, Thurles Campus Co. Tipperary.

I can safely say we will continue to use All Security Mobile Shredding Ltd. in the future, for the following reasons:

Office cleanness: because of the type of bin/containers they use for the recycling and we know its shredded on site and used for recycling purposes.

Service provided: Never have we been left waiting for the containers to be shredded and or for a statement certificate of data and document destruction.

Trained personal: one of the most important factors in any service in today's environment is that proper health and safety is adhered to.

We at Tipperary Institute are very happy with service, reliability, product and their ability to turn up in the designated place on time when arranged.

Baker Tilly Ryan Glennon, Birr.

We have dealt with All Security Mobile Shredding Ltd. since 1st of January 2005, during which time they have provided our office with a highly professional and prompt service.

Overall we are very satisfied with their service and we can confidently recommend this Company as a solid and reliable company, and experts in their field.

**Permitted for the
Rep. of Ireland and N.I.
to supply the most secure
shredding service.**

All Security Mobile Shredding Ltd. was established in 2004 to meet a growing demand from state bodies, professional organisations, companies and private businesses in Ireland. All Security Mobile Shredding Ltd. is fast becoming one of Ireland's leading providers of confidential, onsite shredding service. The company specialises in providing the most secure onsite data destruction system.

Din Level 3 Shred

With the most modernly designed mobile shredder available, we can provide a Din Level 3 onsite, confidential shredding service by way of pushing a button. Din Level 3 shred is one of the highest degrees of shredding available.

Two shredders – 15mm and 6mm operate simultaneously achieving the Din Level 3 shred, resulting in extremely illegible material.

Examples of the shredding that we provide:

- Regular collection service
- Supply of secure lockable wheelie bins
- Regular efficient call out service to our customers
- A guarantee to maintain the highest standard of confidentiality and efficiency to you, the client.
- Nationwide services
- The highest standard of secure shredding service which is permitted nationwide - N. Ireland.
- Certificate of destruction
- Our operators do not see or touch any documents prior to destruction

The output of the machine is 2.5 tonnes per hour. As a result the minimum amount of time is used while providing our customers with the most professional and efficient service possible.

- Reports // Payroll
- Confidential Correspondence
- Legal Documents
- Computer // Fax Print Outs
- ID Cards // Photocopied Paper
- Financial Records // Lever Arch Files
- Credit Cards
- Fabrics // Uniforms // Textiles
- DVDs // CDs // Computer Hard Drives

We can arrange a meeting at your convenience with you and your colleagues, to demonstrate our system using an informative DVD and we can answer any queries you may have.

For Further information or for any queries you can contact us - see the details below.

The Environment

We provide an environmentally friendly service with all shredded material being fully recycled via Licensed Recycling Companies. 100kgs of paper recycled results in one tree being saved from harvest. The environment is an important factor that we must protect.

Environmental Legislation

Due to environmental legislation, associated rules and required regulations, companies in Ireland and worldwide are required to comply. All businesses are legally to issue reports for EPA & Local Authorities. The 1988 Act was amended by the Data Protection (amendment) act 2003 which brought the law into line with the EU Data Protection Directive 95/46/EC.
